petition for Removal

Now comes the petitioner Fredrick Lee Walker pro se, And moves this Honorable Court to hear The petitioners motion for Removal, On facts of Constitutional Violations by Judge Obbush, the State's Attorney's in all cases against the petitioner, and court appointed Attorney's for the petitioner. Clarence L. Burch and Debra.

In Support of this motion the petitioner States the following.

- I. I have been incarcerated since June 24, 2000 on charge's of murder, Arm Robbery, Home Invasion and mutible other charge's, and if convicted on Such I could be Sentence to death in these matters.

08CV 3466

JUDGE SHADUR

MAGISTRATE JUDGE BROWN

2. During my incarceration on said charges, I've been completely denied all of my Constitutional Rights in almost all matters concerning me By Judge Henry R. Simmons JR., Both State's - Attorney's in my case's. Attorney's Clarence - Burch, Woodard T. Jordan, Debra A. Seaton, Cook-County-Jail official's, many visitor's, that mention individual's create problems involving me, and Cook-County-Court-House official's, and visitor's, and ect—
3. I've been single out for unlawful treatment's in that I'm being completely denied due process of the law, as well as equal protection of the law by all of the individual's stated here-in.
4. The nature of my case, and the belief's of the individual's stated here in has on numerous occasion's, committed unlaw act's against me, for no other reason's but, because of their ill feeling's toward's me for such. And such action's along of said individual's action's of the many violations of my constitutional rights have been the cause's of the rule's of discovery in my case's being violated. For every way of discussing my case's, to submitting thier item's of discovery, to unconstitutional And/or unjustifie punishment's from said individual's (please see any ~~note~~ and all report's filed by me as PRICIVIL federal court. AS well!

said individual's reports and/or criminal charge's put against me in retaliation for my complaint's against them. or to out right try and mask their unlawful action's toward's me completely.

- 5 The Judge's, the State's Attorney's, and the defense Attorney's in my case's all are well aware of these situation's, But instead of rightfully owning up to their official dutie's in these unlawful matter's, they all agree to ~~show~~ such unlawful action's toward's me, to where they all will and have taken some part in these unlawful action's to insure that I recieve such hardship's in any of these matter's that any body set's out against me. please see copy's of motion's for Substitutional Judge Simon, and ineffective assistance of Counselor's, motion for clarification and/or reconsideration of the court's ruling regarding motion for Substitutional Judge, and ineffective assistance of Counsel. motion for violation of attorney and client privileged's. motion for Substitutional Judge, and ineffective assistance of Counselor's. And other motion and oral motion's filed by me on court records as well.

6. Court transcript's and record's regarding alot of these situation's have been manipulated or completely erase by mention official's.
7. I've been made to sumitt additional finger print's to the Cook-County-Court official's, per my then court appointed public defender Woodard T. Jordan. which he, the State's Attorney's in my case's knew that the State Crime Lab was seeking in order to obtain finger print's of me that they didn't have to make a comparison, and falsly accuse me in the matter. Judge Simmons made me sumitt to such testing's.
8. Said Attorney's Clarence L. Burch, and Debra A. Seaton was appointed to my case's to insure that I recieve proper and fair legal representation from the court's by properly providing legal representation to me in said death penalty cause's. But instead, said Attorney's intention's are not to provide me with any legal representation, and in fact, I can prove that said Attorney's are against me in all the matter's that I required their sincere representation's.
9. Instead of any Judge in these matter's seeing to it that I recieve the benefit's of the law in these matter's said official's know ~~ex~~ exactly what is going on in these matter's but also ignore my interest in these to only cause

me more pain and suffering's in these matters. For Instance, Said Judge Simmon's knew of Attorney Woodard T. Jordan intention's in the matter's which were stated here-in against him. But regardless that he knew, I was order by Said Judge to come back to ~~the~~ court and get my discover to my criminal case's. Because Said Judge stated that he was making me go pro-se, against me wish's. And he even stated that he was only given me a month to prepear for trial and that he was not showing me the rule's of The court. Befor I was sent to be evaluation on the 10th floor by Said Judge, and appointed Both Attorney's Clarence L. Burch and Debra Seaton they're has been numeberous occasion's to where Said Judge have allowed my Attorney's and Cook-County-Jail-official hinder me from receiving fair Judgement's in my case. for Instance Said Cook-County-Jail official's ~~knew~~ knew that I was hearing a motion to quash Arrest and Surpress evidence, and intention charge me with another criminal charge which was sent up to Said Judge Court-Room Sooner ~~than~~ then normal time's. And the Judge the State and my Attorney's mention these new charge's befor my hearing on my motion was heard, and I was <sup>again</sup> ~~again~~ unlawfully ~~punish~~ punish because I ~~was~~ was denied relief Because of this.

10. Still I was denied any relief concerning the motion's that I heard in front of Judge Kazmierki, for substitute of Judge and ineffective assistance of Counselor's on May 02, 2006 concerning these incident's, But instead I was sent back in front of Judge Simmons who denied my request to hear the issue's of ineffective assistance of Counselor's.
11. I've been denied to be Evaluated by Doctor Michael M. Gelbort and also medically Evaluated in conjunction with psychiatric and psychological testing in preparation for Trial by Said Doctor Attorney's Clarence Burch, and Debra Seaton, and Judge Simmons withdrew two motion's that was file on C.C.J. official's for violation's of Said order's, and Contempt's of Court Charge's brought against Said Cook-county-Jail-official's, regardless that they have denied me any medical care accordently to any court order's for over a year in said matter's, and that I had a civil complaint against said department pending in Federal court's. And that I was completely being denied all of my right's of due ~~process~~ process of law, and that the record's reflect C.C.J. official's misconduct against me in these matter's. I was also denied these evaluation's and unlawfully represented by Said Attorney's and Doctor Gelbort in these matter's. Due to I was never allowed Said medical evaluation by any Doctor as order to be in conjunction of Doctor Gelbort's testing of me. Said Doctor even gave test score's of my claim and

as if they was truthful, regardless that said evaluation's of me wasn't properly completed by either said Doctor or any medical required Doctor, before said Doctor Gelbort even came up with testing score's of me in such matter's. Said official's even further disregarded all of my right's in these matter's. Because said Doctor Gelbort was allowed to change my test score's two different times, to say that i was intelligent from the earlier testing score's that he gave me of being borderline mentally retardation without reevaluating me at all! the motion's ~~to~~ to suppress statement's, and on Atkin's hearing was lost because of unlawful measure's committed toward's me, by Both Attorney's, Doctor, C.C.T. official's, Judge's in my case's, ect—

12. There's no question of the deep disregard's toward's the petitioner in these matter's. Because the Court record's should and need to reflect the fact's, that Judge James m. Obbish don't have any concern's for any of my constitutional right's in these matter's because, He constantly denied me any of my right in any matter's before him of Violation's of my constitutional right's in these matter's by becoming very unlawful toward's me in all matter's to further violate all of my constitutional right's in said matter's, and to further push me in harm's way's by his many action's, behavior's and attitude's in such matter's.

Cook-County-Jail Court-Room official's even have, express a deeply disregard for me, and my constitutional rights in these matters, By spreading Rumor's around said Court house and many visitors, and to other official's that I Rape and Killed a old ~~black~~ woman, and ect — I've continue to be single out for unlawful treatment's in these matters by mention Judge Obbish, Because Court room officer's of his Court Room supported or made false statement's to said Judge about me, and I've been denied any fairness in these matters by said Judge Obbish. But instead said Judge order's for me to be brought to open court with said official's with Gun's on their personal's, multiple officer's present in said Court Room, and made to form a negative looking circle around me as if I'm a real Killer. I'm force to wear a mask over my face in said open Court Room while it's going on. And I'm made to wear chain's around my waist, Ankle's, and hand's in said open Court Room. Because said Judge falsly accus'd me of making verbal threat's toward's him. And Both Attorney's Clarence Burch and Debra Seaton stated that I spit on them.

12. many Attempts have been made by myself to be freed from a conflict of interest's in said matter's. But Judge Obbish again refuse to offer my any fairness in these matter's. But allow said Attorney's Clarence Burch, and Debra Seaton to continue to cause me such hardships in their total representation of me in these matter's.

13. I was set up by Attorney's Clarence Burch, Debra-Seaton, The States Attorney's in my case's. The psychiatric Doctor's on the tenth floor of Cook-County-Court official's building. Judge Obbish, Cook-County-Jail official's to be sent to Chester mental Health Center, to say that I'm a major problem, and submitted extermly untruthful report's about me to said mental Health official's. I was again unlawfully physically attacked and assaulted by said mental Health official's, in order to start me out on mental Health medications to say that I have an anger problem.

14. Cook-County-Jail official's continue's to violate all of my constitutional right's in these matter's even though I have civil action's pending against them in federal court's. I'm often the victim of the many unlawful measur's that are taken against me by said official's (please see any and/or all document's - upon request concerning such). I've been denied all of my ~~rights~~ right's to any of the court orders that have been enter in my criminal case's.

by Cook-County Jail officials whose only intention are to contest said court orders. Because for one, they are upset that I have them, and also because I'm back from Chester mental Health center sooner than they wished me gone. Attorney Burch & Seaton are also apart of these matters against me, to try and denied me all of my rights in said matters. The petitioner has been criminally charged in approximately twenty-two other cases by C.C.J. officials, unlawfully!

15. For these reasons the petitioner fears that he is not being treated under the equal protection of the law. Due to the nature of his criminal charges, and the facts that approximately "two Cook-County-Jail-officials know of the petitioner, his family friends, and the victims family and friends, and have done had relations with the petitioner before his incarceration, and have done lived in the area of the so call crime scene of his cases. For the reasons stated here-in, the petitioner is being denied his fundamental constitutional rights, which is a infringement of said petitioner's rights. And the petitioner prays that this case be removed to the United States District Court for the Northern District of Illinois Eastern Division.
